HEALTH PLANS

For 2024, Vanderbilt is offering fully-benefits eligible faculty and staff two health plans: the Choice CDHP and the Select PPO. Both options will continue to be administered by Aetna and use the same provider networks; however, there are key differences in how each option works, including deductibles, co-pays, co-insurance and prescriptions.

The Choice CDHP offers lower premiums but higher deductibles. The money you save from lower premiums can be put into your Health Savings Account (HSA) to help offset costs required to help you meet your deductible, or saved for future medical needs — even through retirement. With the Choice CDHP, you have a combined deductible, meaning your medical and prescription costs both count toward your deductible and out-of-pocket maximum.

The Select PPO includes modest increases in premiums this year. This option has higher monthly costs, with co-pays and a lower deductible. You may pair it with a health care Flexible Spending Account (FSA) to use your pre-tax money for qualified medical expenses during the plan year.

Are you a J1T Exchange Visitor?

You are only eligible for Vanderbilt University's Aetna International Plan. This health plan is comparable to our current Select PPO and prescription coverage; however, it meets the J1T Visa requirements.

To learn more about the plan and its features, please visit <http://hr.vanderbilt.edu/benefits/InternationalHealthPlan>. You can also email Human Resources at openenrollment@vanderbilt.edu.

Random Eligibility Audits

Vanderbilt University reserves the right to audit eligibility and may require copies of any legal papers issued to establish a person as your spouse or child. Attempting to insure someone who is not eligible may result in disciplinary action, up to and including termination of employment.

Add or subtract the below numbers to your costs from the appropriate chart on the left to see your final monthly premium:

- Subtract \$20 per month: If you attest that you and your covered family member(s) are tobacco-free.
- Add \$100 per month: If your working spouse has access to health coverage through another employer, including Vanderbilt University Medical Center, but prefers using the Vanderbilt Health Plan. This fee will not apply if you both work for Vanderbilt University.

This document provides summarized information about your benefit options. It is not meant to replace the summary plan descriptions (SPDs), which are the governing documents for Vanderbilt benefits. SPDs are available at hr.vanderbilt.edu/benefits/sbc-eoc.php. Offerings and plans are subject to change. While we attempt to provide accurate summaries, if there are differences between this information and the actual plan documents, the official plan documents prevail.

Note: If you are enrolled in Medicare and select the Choice CDHP for additional coverage, you are not eligible for the HSA or any contributions Vanderbilt makes including the Vanderbilt seed.

TAX-ADVANTAGED ACCOUNTS

Flexible Spending Accounts: Health Care and Dependent Care

With a Flexible Spending Account (FSA), you can use pre-tax dollars to pay for certain allowed expenses. "Pre-tax" means that you do not pay federal, state or employment taxes on contributions you make to a FSA. There are two different types of FSAs:

The **Health Care FSA** is used for eligible out-of-pocket health care costs, such as deductibles, co-pays and co-insurance. These expenses can be for you or your eligible tax dependents, whether or not they are enrolled in the Vanderbilt Health Plan. You can pay for expenses using the WEX Health Care MasterCard or submit claims online for reimbursement. The annual maximum for the Health Care FSA is \$3,200 in 2024, as per IRS regulations. The Health Care FSA is only available to eligible employees who enroll in the Select PPO or waive coverage.

The **Dependent Care FSA** is used for eligible care expenses for tax dependents while you (and/or your spouse) work, including day care, after-school programs and home care. It cannot be used for health care expenses. Contributions are deducted from your pay during the year. You can submit claims online for reimbursement. The annual household maximum for the Dependent Care FSA is \$5,000 in 2024. You can sign up for a Dependent Care FSA regardless of whether or not you enroll in the Health Plan.

FSAs are not interchangeable

You cannot use Health Care FSA dollars to pay for dependent care expenses or vice versa (each of these accounts is independent of the other).

FSAs are "use it or lose it"

For 2024, you can claim expenses incurred through March 15, 2025, and you must file any claims by April 15, 2025. Any unspent funds after that date are forfeited. Choose your amounts wisely.

Check out the Reimbursement by WEX Mobile App

Use this app to view account balances, plan details, and recent transactions. You can also snap a receipt image and submit it for reimbursement. In order to use the app, you must first have a Vanderbilt University FSA. When creating a new account, you will need to use your employer ID Code: BEXVANDY. Select Employee ID as your Registration ID. When prompted, please enter your VUNetID. If your VUNetID is less than nine characters, you will need to put in leading zeros before your ID. For example, if your VU Net ID is ABCDE, then input 0000ABCDE in the employee ID field.

NOTE: IRS regulations prohibit enrollment in a Health Care FSA and an HSA at the same time.

TAX-ADVANTAGED ACCOUNTS

Health Savings Accounts

The Health Savings Account (HSA) allows you to contribute pre-tax dollars to pay for health care expenses, such as deductibles, co-pays and co-insurance. However, you are only eligible to participate in an HSA if you enroll in the Choice CDHP. Annual contribution limits are set by the IRS. For 2024, they are \$4,150 for individual coverage, and \$8,300 for family coverage. If you are age 55 or over, you can contribute an additional \$1,000 per year.

The HSA offers unique benefits:

- Triple tax savings — contributions, any earnings, and distributions are tax free when used to pay for qualified medical expenses (established by the IRS).
- Any unused money in your HSA carries over each year and is yours to keep, even if you leave Vanderbilt.
- For 2024, Vanderbilt will provide a contribution into your HSA to help boost your savings. (If you do not open your HSA and agree to Fidelity's Terms and conditions within 60 days of the contribution date, you will forfeit the Vanderbilt contribution.)
- You decide when and how much of your HSA funds to use for your qualified medical expenses now, or save and invest for future needs, including during retirement.

Need help determining your max HSA contribution for 2024?

Money from Vanderbilt and possible catch-up contributions all count toward your 2024 HSA limit. Check out our handy Contribution Limit Worksheet to determine what your max contribution should be.

ATTENTION!

HSA eligibility:

- Medicare-eligible employees cannot participate in the HSA, if enrolled in any form of Medicare.
- Dependents can be covered on the CDHP through age 26, but cannot use HSA funds to cover expenses unless they are tax-qualified dependents.

HSA Action Required!

If you are fully benefits-eligible and choose the CDHP, you must accept Fidelity's Terms and Conditions during the enrollment process within My VU Benefits and directly through Fidelity NetBenefits®, to make contributions and/or receive Vanderbilt funds. If you do not accept the Terms and Conditions within 60 days of Vanderbilt's contribution dates (January and July) you will forfeit the contributions. You must visit both My VU Benefits and NetBenefits to accept the Terms.

PRESCRIPTION DRUG BENEFIT

Prescription drug coverage is included with both health plan options, but costs apply differently depending on which plan you choose. CapitalRx is our pharmacy vendor.

Choice CDHP Prescription Costs:

The Choice CDHP has a **combined deductible**, meaning that both your medical and prescription costs will count toward your deductible. This means you pay the full cost of prescriptions (and medical costs) until your deductible is met. Once this deductible is met, your prescriptions will be covered at the applicable co-insurance percentage.

	Retail Network Pharmacy
Co-insurance	20%
Individual Deductible	\$2,000
Family Deductible	\$4,000

Select PPO Prescription Costs:

Select PPO prescription costs are based on co-pays for generic (maintenance and level 1) drugs and co-insurance for brand (retail) drugs (level 2 & 3). Co-insurance means you'll pay for a percentage of the brand drugs, not a flat dollar amount like a co-pay. There is a calendar year prescription co-insurance and co-pay limit of \$2,500 for individuals or \$5,000 for families.

Select PPO Prescription	
Annual OOP maximum	Amount
Individual	\$2,500
Family	\$5,000

Select PPO Pharmacy Costs		
Drug Level	Retail Network Pharmacy (up to 30 days)	Mail Order/Pick Up (up to 90 days)
Maintenance Generic*	\$1 co-pay	\$10 co-pay
Level 1	\$15 co-pay	\$45 co-pay
Level 2	30% coinsurance w/\$150 max	30% coinsurance w/\$450 max
Level 3	50% coinsurance w/\$200 min	50% coinsurance w/\$600 min
Specialty	10%, \$200 min	no coverage

Prescription Tips

- Save money on prescriptions by using generics whenever possible.
- *For convenience, you may continue to use the Vanderbilt [Mail Order Pharmacy](#) or Walmart Home Delivery Pharmacy and get a 90-day supply sent right to your door. A 90-day supply is simply three times the 30-day supply.
- In 2024, Capital Rx will be switching to using Optum for 90-day home delivery. If you currently use Walmart Home Delivery, you will receive more information in the coming months.
- Specialty drug prescriptions are available only through Vanderbilt outpatient pharmacies.
- **REMEMBER!** With the Choice CDHP, you pay the full price of prescriptions until your deductible is met.

ADDITIONAL BENEFITS

The following benefits are not limited to Open Enrollment and where applicable, can be changed at any time. For full plan details and eligibility, review the Summary Plan Descriptions on the [HR website](#).

403(b) Retirement Plan

The Vanderbilt University 403(b) Retirement Plan is a long-term investment program for eligible faculty and staff with Fidelity Investments serving as the administrative service provider. Vanderbilt matches your mandatory 3% contribution. If you choose to make voluntary contributions, Vanderbilt will match these up to a total match of 5% (this includes the mandatory). Please refer to the [Summary Plan Description](#) for eligibility and matching requirements.

While you do not need to make any changes or elections to your retirement benefits during Open Enrollment, it's a good time to review your beneficiary information.

It's also a good time to review your contribution rate and investment elections, and make adjustments to stay on track to meet your savings goals. You may voluntarily contribute beyond 5% (up to certain annual contribution limits). New investment elections and beneficiary designations are effective upon making a change. New voluntary contribution percentages will be effective within one to two payroll cycles. Enrolling or making changes is fast, easy and paperless; sign into your Fidelity account by visiting www.netbenefits.com/vanderbilt.

Check out the NetBenefits App!

Easily manage your retirement and, if applicable, your HSA. You can view account balances, investments, recent contributions and account performance. Learn how much you may need to save in order to retire comfortably. Change your contribution rate and investments.

Short-Term Disability (eligible staff only)

Short-term disability (STD) provides no-cost base coverage, paid for by Vanderbilt, and optional buy-up coverage, paid for by you. The base portion pays 66.7% of your weekly wages on the first \$24,000 of annual base salary with a two-week waiting period (14 calendar days). Costs for the buy-up depend on your annual base salary. You may opt out of the buy-up coverage at any time. If you wish to re-enroll in the buy-up coverage at another time, you will need to complete a medical review and could be denied coverage.

Long-Term Disability

Long-term disability insurance (LTD) provides a monthly benefit in the event you become disabled and are unable to work for six months or longer. The LTD benefit also includes a 10% monthly contribution to your retirement account (while on LTD) if you are a participant in the Vanderbilt University Retirement Plan. Vanderbilt pays for basic LTD, which covers the first \$24,000 of your annual salary. You pay for full coverage between \$24,000 and your annual salary. You may opt out of full coverage at any time. If you wish to re-enroll in full coverage at another time, you will need to complete a medical review and you could be denied.

ADDITIONAL BENEFITS

Paid Time Off (PTO)*

Vanderbilt's paid time off program (PTO) for eligible staff* provides a flexible bank of time that can be used for scheduled absences such as vacations and extended parental leave, and unscheduled absences for reasons such as illness or injury. You will accrue time each pay period based on your years of service until you reach your PTO bank limit.

**This PTO program applies to benefits-eligible non-union staff. It does not apply to faculty, students, union staff, temporary employees or postdoctoral scholars. Faculty and postdocs should refer to their manuals and programs for guidance on leave time.*

Employees in positions covered by the collective bargaining agreement should refer to the PTO chart in their collective bargaining agreement for accrual time.
