Search by Specialty, Name and Other Options

Narrow your search by specialty, name, hospital affiliation, languages spoken, and/or other criteria

View search results now for all providers in your selected geographic area.

Important Note: Once you've entered all of the relevant information, if you click "Start Search", the list will only display the first 500 providers listed. If you are looking for a specific provider, you will need to click "More Options" and filter your search more specifically.

Also, if your provider is not listed, there is a possibility that they are covered by one tier, but not the other. To verify, you can do another search and select the other plan (tier) type.

Ex. VHAN vs Aetna National Network

If the provider you are looking for is not displayed under either tier, you can call Aetna to verify, but they may be considered out-of-network (tier 3).
