

DentalBlueSM

Your DentalBlue benefits give you convenient access to quality dental services. We are one of the largest dental PPO (Preferred Provider Organization) networks in Tennessee. Your network includes:

- 3,000+ dentists in Tennessee and bordering counties
- Over 200,000 dental access points across the United States

Preventive Screenings Are Good For You

Prevention and early detection lead to better health because they can identify dental problems early before they become more serious. Most dental plans cover two exams and two cleanings per year as well as one set of bitewing X-rays.

Networks Stretch Your Benefit Dollar

Even though some restorative and specialty services cost \$1,000 or more, most dental plans still have an annual maximum benefit of \$1,000. When network dentists discount their fees, you save money.

Check Your Plan Options And Benefits

Review your schedule of benefits in your Evidence of Coverage (EOC)* to see your specific plan option, limits, deductible and coinsurance levels. Not all dental services are covered by these plans. Benefits are arranged in four levels of coverage, A-D.

Note: Services may vary based on your plan or contract. Some plans do not include coverage for all four levels, move services from coverage B to C or have waiting periods.

Coverage A	Diagnostic and preventive services such as exams, cleanings and X-rays
Coverage B	Basic services such as fillings and extractions
Coverage C**	Major restorative services such as crowns, bridges and dentures
Coverage D**	Orthodontic services such as braces and retainers

*If your employer's plan is self-funded, please check with your employer for your EOC.

**Services not available in some plans

What Services Are Covered?

We ask dentists to bill their services based on the completion date. If you are eligible on the completion date, benefits will be provided. If you have a treatment in progress and had coverage with a different carrier, please check with your dentist to see which carrier should receive the bill. The billing date determines which carrier should provide coverage.

If you started orthodontic treatment before the date your BlueCross coverage started, file that claim with your previous carrier. However, any orthodontic services (e.g., monthly adjustment fees) you have after your DentalBlue coverage becomes effective should be filed with us. We will apply it to the orthodontic maximum.

Know What Will Be Paid

With the exception of emergency care, you and your dentist can determine what is covered by your dental plan — and the amount the plan will pay — before you have treatment. We recommend a predetermination for any service that may exceed \$200.
