A proxy is an employee that has been given rights to your time off report. You may assign or remove proxy rights to your time off report.

A proxy user will be able to log in regardless of paygroup/employee class. A proxy will not be able to submit or approve a report but only enter and save time on the report they are proxy for. Assign a proxy:

- Click on **Manage Proxies.**
- To **Select A Proxy To Assign** you can search by their name in the VUnetID Search box.
- Click **Assign** on the right to assign this person as proxy for your report.
- The proxy should then appear under the **Current Proxies** section.

Remove a proxy:

- Click on **Manage Proxies**.
- Click on the box for the proxy you want to delete under **Current Proxies** section.
